Subject: Urgent need to address the menace of stray animals on city roads

Sir/Madam,

I wish to draw attention to the increasing nuisance caused by stray animals in Bow Bazaar, especially during peak traffic hours. Cows, dogs, and goats wander freely on busy roads, obstructing traffic and leading to frequent jams and accidents.

Their presence not only endangers commuters but also contributes to unhygienic conditions, as they defecate openly near marketplaces and residential areas.

Despite repeated appeals to the Municipal Corporation, no effective action has been taken. I urge the concerned authorities to initiate immediate measures such as deploying animal control teams and relocating these animals to shelters.

Your support in highlighting this issue through your newspaper will help prompt swift action.

Thanking you
Yours faithfully,
Preeti

Subject: Suggestions to reduce plastic usage and its environmental impact

Sir/Madam,

I recently read your article on the rising use of plastic and its harmful effects on the environment. While the piece effectively highlighted the alarming statistics of plastic waste, I felt it lacked practical solutions that readers could adopt.

Plastic pollution is a growing threat, especially to marine life and soil health. To combat this, we must promote the use of biodegradable alternatives, enforce strict bans on single-use plastics, and encourage recycling through community initiatives. Schools and colleges should conduct awareness drives, and local governments must incentivize eco-friendly packaging.

As responsible citizens, we must also change our habits—carry cloth bags, avoid plastic bottles, and support sustainable brands.

I hope your esteemed newspaper continues to raise awareness and also guides readers toward actionable steps.

Thanking You
Yours faithfully,
Riya
